FOREIGN BROADCAST INFORMATION SERVICE

Of Special Interest This Week

+ FBIS has been contacted in recent weeks by officers from State INR and USIA in regard to accessing Soviet television from the Washington area. Both are looking into the economic feasibility of using a rooftop antenna for this purpose and were asking for information on Soviet TV programming, what satellites are involved, and what FBIS plans are. Both have been invited to visit FBIS for more detailed discussions of FBIS capabilities and USIA has been provided with videotapes of Moscow television newscasts.
